Directions for Starching: Dissolve 1/4 C starch in 1/2 C cold water. Boil about 1&1/4 C of water, remove from flame, the slowly stir the starch mixture into boiling water stirring constantly. Place back on flame until it thickens. As soon as starch is cool enough to handle, dip doily and squeeze starch through it thoroughly. Wring out extra starch. The doily should be wet with starch but there should be none in the spaces. Pin center and outer edge of doily in position according to size. Pull folds of ruffle in position. Place a lily in every 4th fold of ruffle as illustrated and leave until thoroughly dry. Lilies can be sewn in position if desired.
